

DELL UltraSharp 2007FP 20 inch Black Flat Panel Monitor, LCD with Height Adjustable Stand

The Dell™ UltraSharp™ 2007FP 20.1-inch Flat Panel LCD Monitor redefines the performance of LCD displays with a stylish design and advanced functionality. The monitor offers resolution of up to 1600x1200 pixels and also provides 16 ms typical response time to enable crisp clear images when using the display for fast motion video. It also offers high contrast ratio of up to 800:1 that generates sharper, crisper lines and images while, the wider viewing angle allows you to view the screen from various positions without compromising image quality. The Dell™ 2007FP features analog as well as digital (DVI-D) capabilities, providing connection flexibility. The slim black bezel design fits into most working environments and on most desktops. The combination of advanced LCD technology and the range of added features make the UltraSharp™ 2007FP the perfect display for any user.

The connectors for this monitor are as follows:
