

Creative GigaWorks T40 Series II

For a pure music listening experience.

Creative takes your music to a new level of excellence with the GigaWorks T40 Series II speaker system. Designed and tuned to bring acoustic fidelity to your desktop, this two-piece system with its gloss black finish combines the best components and real power with the famous GigaWorks tradition to deliver pure music at its finest. Each speaker features two woofer drivers with woven glass fibre cones for warmth, and a cloth dome tweeter for clarity. These high-quality components are arranged in MTM (midrange-tweeter-midrange) configuration to achieve audiophile standards, supported by Creative's BasXPort™ technology for responsive bass. With front-mounted controls and two inputs for simultaneous connection to different sources, this is the system for those who demand the best.

- **Top-of-the-line two-piece speaker system designed for a pure music listening experience.**
- **Professional quality woofer drivers and high-tech tweeters arranged in MTM (midrange-tweeter-midrange) layout for enhanced acoustic balance.**
- **BasXPort™ technology provides dynamic bass support without a subwoofer.**
- **Front-mounted controls for convenient adjustment, with dual connectivity for connection to different sources without swapping cables.**
- **Ideal for use with PCs and MP3 players.**
- **Speaker power:**
 - 16 Watts RMS per channel (2 channels)
 - Frequency response : 50Hz ~ 20kHz
